

CPBML/WORKERS ONLINE DISCUSSION MEETING

Tuesday 2 July, 7 pm

REJECT THE ELECTION TRAP, PREPARE FOR STRUGGLE!

Workers looking for change will not find it from the general election. Whatever the result, the tasks for our class will be the same. Workers are the only force for progress: accept that challenge and prepare to fight for it.

Come and join the discussion via Zoom.

All welcome. Email info@cpbml.org.uk for an invitation.

TIME TO ACCEPT THE CHALLENGE

Workers have nothing to gain from a change of party in government. The working class is the only force for progress. All it has to do is accept that challenge.

And change is needed. Britain needs independence, peace, unity of nation, jobs, industry, food, energy, transport, houses, health, education, culture and more.

We don't need war, division between workers, mass immigration, run down of industry, agriculture and public services, destruction of the natural environment, export of jobs and sale of businesses abroad – or a return to the EU.

'ALL PARTIES SUPPORT WAR ABROAD AND OPPRESSION OF WORKERS AT HOME'

All electoral parties support war abroad and oppression of workers at home. All support mass immigration and the break-up of Britain.

They talk progress and change, but their policies amount to more of the same. Voting only lends authority for their anti-working class policies.

Parliament does not run the economy, financial markets do. Politicians are powerless to make the changes Britain needs. Workers cannot afford to believe that they are also powerless, to mirror the cynicism of their would-be rulers.

We know what is needed, in every industry, in every town and city. It's time for a true workers' manifesto – setting out what Britain needs and how to go about it.

Never mind who sits where in Westminster, we need to prepare for struggle! Wherever and whenever the opportunity presents itself. It's up to us.
